

Certificate II in Electrotechnology

Career Start

Electrical Trades

2nd Year

**Grand Junction
Trade Training Centre**
ELECTRICAL

Pathway

This course will give students the skills and knowledge of the electrical industry by covering the WHS requirements specific to the industry, electrical theory, components and technologies, communication, electrical measurements and calculations and the utilisation of a range of electrical tools, equipment and systems.

Students will be offered white card training at an additional cost.

Special Requirements

Students must adhere to all safety requirements as directed by trainer. The approved GJTTC trainee uniform and PPE will be required during all training and SWL.

Pre-requisite

Students need to have successfully completed the 1st year Units at the Grand Junction Trade Training Centre.

Students will be provided with the following through the GJTCC at no additional cost:

- High visibility work shirt
- Safety glasses
- High visibility work jumper

Additional Personal Protective Equipment (PPE) to be purchased by student prior to commencement:

- Black steel cap boots or Australian standards approved Composite
- Blue work trouser

The unit CPCCOHS1001A "Work safely in the Construction Industry" is designed to meet WHS regulatory authority requirements for WHS induction and must be achieved before access to any building and construction site.

Structured Work Place Learning (SWL)

Students are required to undertake SWL as stipulated in the contract to be conducted during term breaks to minimise disruption.

Training Guarantee for SACE students (TGSS)

This course is a (TGSS) approved course. Students must complete the application form and have approval prior to commencing the course.

NON-TGSS students will be charged fee for service.

Course Details

The following units of competency will be studied as part of this qualification.

CORE UNITS

UEENEEE141A	Use of routine equipment/plant/ technologies in an electrotechnology environment	60 HOURS
UEENEEE148A	Carry out routine work activities in an energy sector environment	40 HOURS
UEENEEE179A	Identify and select components, accessories and materials for energy sector work activities	20 HOURS

ELECTIVE UNITS

UEENEEED101A	Use Computer Applications relevant to a Workplace	20 HOURS
UEENEEE107A	Use drawings, diagrams, schedules, standards, codes and specifications	40 HOURS

Location

Grand Junction Trade Training Centre, St Paul's College
792 Grand Junction Road, Gilles Plains SA 5086
Entry via Lurline Avenue (Gate 11 or 12).

Program Provider Contact

Peter Staley - Manager, Trade Training Centre
Telephone: 8334 8363 Email: pstaley@stpauls.sa.edu.au

It is recommended that you download a 'Work Ready' Log Book. This can then be used while on your 'work placements'.
