Dear Parent/Caregiver,

Your child has been selected to participate in *The Labs 'n Life* program at Charles Campbell College. This program empowers students through engagement and positive interaction where students are assigned one of four Labrador dogs to train.

Students who participate in the Labs 'n Life program develop:

- An interest in training Labradors in basic obedience and an understanding of dog ownership.
- An ability to successfully train a Labrador for the specific purpose of improving the lives of others.
- An understanding of dog vocations in the wider community and their impact on members of our society.
- An ability to solve problems, reflect, communicate and demonstrate the knowledge they develop about Labradors and training them.
- Literacy, numeracy, social skills, empathy, effective communication and employability skills in a practical setting.
- An understanding of citizenship and their role in becoming an effective and productive part of wider society.

Students will be involved in the program on either a Wednesday or Thursday for the remainder of Term 3. Weekly sessions last 90 minutes.

We believe your child would really benefit from the program and look forward to their involvement. Please return the permission slip at the bottom of this page by **Wednesday 27<sup>th</sup> July 2022**.

Kind regards,

Kevin O'Neil  
PRINCIPAL

Bobbie Taylor  
AP STUDENT WELLBEING

I (name) \_\_\_\_\_ give permission for

\_\_\_\_\_ to participate in the Labs 'n Life program that will be

facilitated at CCC in Term 3, 2022 from Week 2 until Week 10.

Signed: \_\_\_\_\_ Date: \_\_\_\_\_
