

Introducing ViVi

VIVI is a collaborative learning tool that enables teachers and students to share, display, annotate, capture and save information in real time. ... Built exclusively for the education sector

POWERFUL FUNCTIONALITY

Full Screen Mirroring

Whether it's a phone, computer or tablet, ViVi offers full screen mirroring with autodetected resolution.

Screen Capture

Capture your screenshot, annotate it, save it and share it, all with a click of a button

Emergency Broadcast Feature

ViVi can alert everyone at once with a pre-determined message displayed to all ViVi connected devices immediately.

Individual Room Code

Want extra security for your ViVi classroom? Room Codes require every user to enter a rooms four-digit code before connecting. This is also easy to switch on and off in ViVi Central.

Mirror to Multiple Displays

With ViVi, you can display whatever you want, whenever you want on any device and mirror it directly onto other ViVi-connected screens.

Link Sharing

All you need to do is copy and paste a URL into the ViVi App to instantly share content with your class.

Easy Guest Access

To make your class even more efficient- guest presenters can access your ViVi screen without having to waste time registering.

FEATURES

BYOD

We don't engage in the Mac vs. PC debate. ViVi is one for all and all for one. With ViVi you are equipped to use any mobile device, computer or tablet.

Untethered Teachers

ViVi allows for the teacher to move freely around the room engaging with students and is no longer restricted to the front of the room.

Empowered Students

The ability to easily take control of the screen empowers the students to show their own work and receive real-time feedback from peers and teachers.

ViVi Central

This administration platform is easy for admins to centrally manage all account settings, room names, boxes and user settings.

Direct Video Play

Play high-quality videos straight from the ViVi receiver, meaning the video is streaming directly from your hard-wired internet, and not slowing down your Wi-Fi network.

Dashboard Analytics

Curriculum and E-Learning Managers will be able to see the participation and engagement levels of ViVi users in their schools.

- ViVi is a small device we are going to install into the CCAT and the Library only
- ViVi can be used with any platform (Windows, MAC, IOS, Android etc) you will need to download and install the app from here <https://www.vivi.io/downloads> for phones/tablets..
- We have installed the program on your laptop already, if not, let ICT Know.
- ViVi has many capabilities which we will explore as we progress, for now we just you to do the following
- Open the app from your computers desktop
- Enter the name of the school "Charles Campbell College", then select it
- at the next window we would like you to sign up using your school email account
- select I am a teacher
- then use the presenter authorisation code of CCC
- once done, login
- Details below

On your desktop you will see the **Vivi Icon**, Double click to open

Type in **Charles Campbell College**, then select the name when it appears

A screenshot of a web browser window titled "Vivi". The main content area has a blue background and is titled "Select Organisation". It contains the text "Please enter the name of your organisation" above a text input field containing "Charles Campbell College". Below the input field, it says "Select your organisation below, or keep typing if it's not there". At the bottom, there is a white rounded button with the text "Charles Campbell College".

On the next window you will need to select **SIGN UP**

A screenshot of a web browser window titled "Vivi". The main content area has a blue background. At the top, there is a large white Wi-Fi symbol followed by the word "vivi" in a lowercase, rounded font. Below this, it says "Charles Campbell College". There are three white rounded buttons stacked vertically: "Log In", "Sign Up", and "Log In As Guest". At the bottom, it says "Vivi Version 2.20.1" and a link that says "Switch School".

In this window fill in your details in a similar fashion as seen below
use a password that you will remember (keep it generic, not your actual Learnlink password)
Select "I'm a teacher"
Enter CCC at the **Presenter Authorisation Code**
click **Sign Up**
